

Sprint 2 Report

Pocket Modular
Team Medley
Tuesday, July 16th

- **Action to stop doing:**
 -
- **Actions to start doing:**
 - Iterating on User stories that are more concise and manageable
 - Dividing tasks from User Stories in a more manageable way
- **Actions to keep doing:**
 - Working together during jam sessions at least once a week
 - Continue to communicate through online channels when we can't face-to-face
- **Work completed/not completed:**
 - Completed:
 - As a producer, I want a synthesizer on my Android device
 - Not Completed:
 - As a producer, I want an interface that is familiar and easy to use
- **Work completion rate:**
 - One user story completed (.28 per day).
 - 22 ideal work hours. (3.1 per day)
 - 7 days long.
