Sprint 3 Report

Pocket Modular
Team Medley
Tuesday 23, 2019

- **Actions to stop doing:**
  - Shouldn't meet on Sundays so we have more time to do work
- **Actions to start doing:**
  - The team should work on creating effects patch to add further manipulation
  - Utilizing the scrum board some more
- **Actions to keep doing:**
  - Keep working on the midi patch implementation in android studio
  - Keep having in person coding sessions
  - Keep using discord to communicate with the team
- **Worked completed/ not completed:**
  - Completed:
    - As a user I want to have some feedback when I press a button
    - As a producer, I want to be able to create a range of sounds with my equipment
  - Not Completed:
    - As a musician I want to be able to play and manipulate multiple notes at once
- **Worked completed rate:**
  - Two user stories completed (.29 per day)
  - 26 ideal work hours. (3.7 per day)
  - 7 days long.
